Colonial Land Tax and Property Rights Mar 29 2021 This volume analyses the importance of property rights on land which were transformed by the British in the form of colonial land revenue system in Andhra region of Madras Presidency. It initiates a discussion of the traditional production systems like irrigation, agricultural methods, etc., which were replaced by the colonial ones. It further shows how the small peasantry suffered under the new system. This book also deals with the relations between the colonial state, rich peasants, zamindars and peasants under the ryotwari and zamindari settlements, which were introduced at the beginning of the nineteenth century. It further examines how the peasantry lost their rights on lands and how it went under the control of merchants and rich peasant moneylenders. Consequently, de-peasantization, wage labour, and general agrarian impoverishment followed. The colonial legal system favoured zamindars, landlords and rich peasants against small peasants, who could not go to colonial courts due to heavy legal costs. The volume analyses in minute detail various Acts, which affected the property rights of peasants on their lands. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

Global Indian Diasporas Aug 14 2022 Global Indian Diasporas discusses the relationship between South Asian emigrants and their homeland, the reproduction of Indian culture abroad, and the role of the Indian state in reconnecting emigrants to India. Focusing on the limits of the diaspora concept, rather than its possibilities, this volume presents new historical and anthropological research on South Asian emigrants worldwide. From a comparative perspective, examples of South Asian emigrants in Suriname, Mauritius, East Africa, Canada, and the United Kingdom are deployed in order to show that in each of these regions there are South Asian emigrants who do not fit into the Indian diaspora concept—raising questions about the effectiveness of the diaspora as an academic and sociological index, and presenting new and controversial insights in diaspora issues.
