"Strategies to help you master everything from algebra to statistics; 50 quizzes and problem sets; Complete answers and explanations"--Cover. Math Phonics is a specially designed program for teaching the mastery of basic math concepts and facts. The name, Math Phonics (tm), is used because the rules, patterns and memory techniques developed for this program are similar to those used in language arts. Most of the rules are short and easy to learn. Children are taught to look for patterns and use them. Repetition and drill are the keys. In just minutes a day, your students can master the multiplication facts 0 through 12. Keep students sharp and prevent learning loss with activities aligned to Common Core and other state standards in this second edition, full-color resource. Students risk falling behind at the start of a new school year without

practicing skills learned in the previous year. This parent-involvement resource is designed to bridge the away-from-school gap with reading, writing, and mathematics activities that reinforce learning from kindergarten and prepare students for first grade. With clear instructions for quick and fun family activities, this is the perfect resource for parents to get involved in their child's education and set them up for a successful school year.
