The Last Jihad Sep 15 2022 A gripping and prescient tale from New York Times best selling author Joel C. Rosenberg. "... The Last Jihad absolutely crackles with high energy and a chilling premise--what if the war on terror goes nuclear." -- Rush Limbaugh Jon Bennett is a top Wall Street strategist turned senior White House advisor. But nothing has prepared him for the terror that he will face. Saddam Hussein dispatches his top hit men to assassinate the President of the United States. Iraqi terrorists spread carnage throughout London, Paris, and Riyadh . . . and the Butcher of Baghdad has a nuclear ace in his hand that he has not yet played. Only a solid Arab-Isreali coalition against Iraq can keep the U.S.--and other Western nations--from certain devastation. And only Bennett and his beautiful partner, Erin McCoy, can make that happen. Their secret project--a billion-dollar oil deal off the coast of Gaza--could be the basis for an historic peace treaty and enormous wealth for every Isreali and Palestinian. But just before a treaty can be signed, Isreali commandos foil an Iraqi Scud missile launch, recovering a nuclear warhead and evidence that the next attack will level Washington, New York and Tel Aviv. Now, the Isreali Prime Minister gives the American President an ultimatum: Melt down Baghdad within one hour . . . or Israel will do it herself. From Jerusalem, Bennett and McCoy must summon all their stealth and savvy to save themselves--and the world--from absolute destruction. The Guilty Oct 12 2019 After failing a critical assignment overseas, Will Robie must investigate a murder accusation against his father--but to save him, he'll have to face a violent and deadly fallout in this New York Times bestselling thriller. Will Robie escaped his small Gulf Coast hometown of Cantrell, Mississippi after high school, severing all personal ties, and never looked back. Not until the unimaginable occurs. His father, Dan Robie, has been arrested and charged with murder. Father and son haven't spoken or seen each other since the day Robie left town. In that time, Dan Robie--a local attorney and pillar of the community--has been elected town judge. Despite this, most of Cantrell is aligned against Dan. His guilt is assumed. To make matters worse, Dan has refused to do anything to defend himself. When Robie tries to help, his father responds only with anger and defiance. Could Dan really be guilty? With the equally formidable Jessica Reel at his side, Robie ignores his father's wishes and begins his own desperate investigation into the case. But Robie is now a stranger to his hometown, an outsider, a man who has forsaken his past and his family. His attempts to save his father are met with distrust and skepticism...and violence. Unlike the missions Robie undertook in the service of his country, where his target was clearly defined, digging into his father's case only reveals more questions. Robie is drawn into the hidden underside of Cantrell, where he must face the unexpected and possibly deadly consequences of the long-ago choices made by father and son. And this time, there may be no escape for either of them.

The Ridiculously Simple Guide to Apple Watch Series 5 May 11 2022 PLEASE NOTE: This is the color edition of "The Ridiculously Simple Guide to Apple Watch Series 5." A B&W version is also available. Unlock the power of Apple Watch! The Apple Watch has,

of course, been around for years and seen several updates. It's the latest updates, however, that have truly made the newest watches stand out. From always-on displays to GPS navigation, Apple Watch has become more than a companion gadget to the iPhone; it's become a stand-alone device that is hard to live without. In addition to all the great features Apple Watch has always had, Series 4 introduced a slimmer body (yet with a screen that is somehow bigger), has optional cellular for making phone calls and streaming music without your phone, and drop detection (so if you fall and can't get up, the fire department is dispatched to your location). Everything about it was designed to motivate you to be more active. Series 5 has taken it a step further by adding one of the most asked for features: an always-on display. Something, it should be noted, it does without sacrificing battery. As amazing as all the new features are, it's not quite as easy to use as an iPhone; the lack of buttons, the smaller screen, and general UI can make a frustrating initial experience. The point of this book is to help new Apple Watch users (and users updating to WatchOS 6 from an older device) get the most out of their investment. This book covers the following topics: What's new in WatchOS 6. What's the difference between all of the different watches? What the Apple Watch Series 5 can (and can't) do. WatchOS gestures. Using Apple Pay from your Apple Watch. Finding, installing, updating, and removing apps from your Apple Watch. Using different Apple Watch features (such as SOS, Breathe, compass). Using different Apple Watch apps (such as Calendar, Reminders, Music). Getting driving directions with the Apple Watch. Using Siri on the Apple Watch. Changing watch Faces. Sending / receiving messages, emails, and phone calls from your Apple Watch. Doing a workout with the Apple Watch Series 5. Watch accessories. And much more! Are you ready to start enjoying your new Apple Watch? Then let's get started!
